Liner for top case

- Practical liner for the top case.
- Perfect shaped fit with full utilization of the available storage capacity.
- 1 large main compartment at bottom, 1 smaller lid compartment at top.
- Main compartment waterproof with welded liner and with sports bag-type closure.
- Long zipper for easy access to main compartment and lid compartment.
- 1 mesh inner pocket with zipper in lid of main compartment and 1 in lid of lid compartment.
- Strong EVA base and reinforced sides, so its sturdy and able to retain shape.
- Adjustable, removable, padded shoulder strap.
- Carry handle at back.
- BMW Motorrad logo at back.
- Color: Black.

Description	Part number C 600 Sport	Part number C 650 GT
Liner for top case (waterproof)	77 43 8 527 035	77 43 8 527 035

Center-tunnel bag

- Practical bag designed to stow into the leg space in front of the rider.
- Outer material robust and easy-care polyester/polyurethane.
- Base is molded EVA with anti-slip coating.
- Capacity: approx. 12 l.
- 1 large main compartment at bottom, 1 smaller lid compartment at top, with practical divisions for small items.
- Main compartment waterproof with welded liner, with sports bag-type closure.
- 1 inner pocket with zipper in lid of main compartment and 1 in lid of lid compartment.
- Strong base and reinforced sides, so sturdy and able to retain shape.
- Adjustable, removable, padded shoulder strap.
- Carry handle at top on lid.
- BMW Motorrad logo front and back and model logo on the lid.
- Dimensions (WxDxH): approx. 11.8 x 9.8 x 10.6 in.
- Maximum payload: 11 lbs.
- Color: Black.

Description	Part number C 600 Sport	Part number C 650 GT
Center-tunnel bag (12 l)	77 45 8 527 013	77 45 8 527 014

Luggage-compartment partition net

- Dividing compartment into 2 parts (front/rear) for carrying small objects.
- Snap fasteners for quick and easy installation and removal.
- When not in use the partition net can be stowed away in the luggage compartment under the seat or in the front stowage compartment (takes up very little space).
- Also possible in combination with the Sport or Exclusive seat.
- Attachment:
 - S-p fasteners for securing the partition net.
 - On the C 600 Sport the s-p fasteners are secured to the luggage box by threaded fasteners, and on the C 650 GT they are secured to the rear frame by means of Velcro fasteners.
- Material: Functional neoprene.
- Color: Black.
- BMW Motorrad logo printed in silver.

Description	Part number C 600 Sport	Part number C 650 GT
Luggage-compartment partition net	77 49 8 527 033	77 49 8 527 034

Scooter Coat

- A waterproof protective cover as the ideal protection for the rider against wind, weather and road dirt.
- Optimum protection for the legs and lower body.
- Polyester non-woven fabric liner, removable and attached by means of stud fasteners, as protection against the cold.
- Integrated, waterproof seat cover, stowable in zippered pocket at rear.
- 3 zippered pockets for small items (1 at top (waterproof), 2 at sides (highly water-repellent)).
- Cover for ignition switch/steering lock and for attachment point of the optional Scooter lock.
- Reflective print on both sides for good visibility.
- BMW Motorrad logo on each side and on the top pocket.
- Tenax¹ snap fasteners and stud fasteners for quick and easy attachment to the vehicle.
 - Bottom rear attachment points on each side with 2 slotted O-rings to prevent pulling off: this enables the rider to put both feet on the ground quickly in emergency situations (in a situation of this nature the attachment points pull open).
 - Initial installation of the fasteners only by authorized BMW Motorrad dealers, installation instructions on the current RSD (Repair and Service Data BMW Motorrad) service-data DVD.
- Protection against theft with optional Scooter lock is possible.
- Recommended top speed with scooter jacket: 80 mph.
- Material:
 - Robust, washable outer material is polyester/polyurethane.
 - Nylon liner on inside.
- Color: Black.

¹ A Tenax safety fastener is a self-locking stud head. It cannot come undone unless the head of the button is pinched in to release the lock.

BMW USB charger	65 41 2 166 411	65 41 2 166 411	\$22.75

Navigator IV and bracket

- Vehicle-specific holder for the BMW Motorrad Navigator IV.
- Perfect positioning in the rider's field of vision, attaches to the handlebar cross-member.
- BMW Motorrad Navigator IV:
 - Bluetooth-compatible GPS optimized for use on motorcycles or on the Maxi Scooter.
 - Outstanding functionality combined with simple operation, tailored to motorcycling requirements.
 - 4.3" touch screen, housing waterproof and fuel-resistant.
 - Integrated lithium-ion battery (battery life up to 5 hours).
 - Including Advanced Mount Cradle with 4 extra pushbutton controls.
 - Lifetime Map updates
 - Including carry-bag.
- Simple and direct connection of the navigator to the vehicle's power supply by 12-V connecting cable (on the Advanced Mount Cradle) and optional-accessory socket (on the vehicle).

Mobile-phone insert for stowage compartment

- Insert with compartments of different sizes for the stowage compartment of the Maxi Scooter (under the left handlebar, at side).
- No-slip stowage of a mobile phone and other small items such as sunglasses and wallet.
- The mobile phone charges via 12-V on-board socket (in combination with BMW USB charger; only mobile phones with USB interface).
- Insert is shaped for a perfect fit against the inside contour of the stowage compartment.
- The stowage compartment is waterproof and lockable.
- Material: Plastic (synthetic rubber).
- Color: Black.
- Not suitable for C 650 GT.

USB charger

- Operate and charge electrical devices with USB interface, including for example mobile phone, MP3 player, iPod.
- Connects to the 12-V on-board socket in the stowage compartment.
- Charging possible while engine is running or not.

Scooter lock

- Protection against theft by means of a chain and lock connected to the end of the handlebar and the swing arm.
- Chain ½" thick, made of ultra-hard steel jacketed in a wear-resistant textile sheath to prevent scratch marks.
 - Length: approx. 24 in.
- Easy to lock:
 - Hook the chain into the purpose-designed holder (bolted to the rear wheel swing arm).
 - Lock the chain by means of the locking element at the end of the left handlebar.
- Stows away neatly in the pocket under the seat while the vehicle is being ridden.
- Supplied with 2 keys.
- Installation only by authorized BMW Motorrad dealers, installation instructions on the current RSD.
 - Use described in the Rider's Manual of the Maxi Scooter.
- Combination of handlebar weight, chrome-plated, with Scooter lock possible, subject to restrictions (locking element of the Scooter lock takes the place of the left handlebar weight.)

Description	Part number C 600 Sport	Part number C 650 GT
Scooter lock	77 25 8 527 047	77 25 8 527 478
(+) Screw, M12x50 (1 of)	07 12 9 906 088	07 12 9 906 088

Anti-theft alarm system with remote control

- Protection against theft.
- Warnings issued acoustically and visually if position is changed or severe vibration is experienced.
 - Acoustic: Siren.
 - Visual: All four turn indicators flash at the same time.
 - A warning lasts for 26 seconds. The system is active again another 12 seconds later. If the circumstances that initially tripped the alarm still apply after this time, the anti-theft alarm goes off again.
- Deactivation with the ignition key or the remote control.
- Individual programming for activation thresholds.
 - Activation is automatic when the ignition is turned off or the remote control used.
- Installation and enabling by authorized BMW Motorrad dealers only
- Instructions for use must be ordered separately (language-specific).
